

## Keep your eyes healthy with VSP's Primary EyeCare benefit.

Your Primary EyeCare benefit provides medical and urgent care that goes beyond your regular VSP® Vision Care benefits:

- Treatment for eye pain or conditions like pink eye
- Tests to diagnose sudden vision changes
- Pictures of your eyes to detect medical conditions like glaucoma and identify abrasions, growths, or other eye abnormalities
- Exams to monitor cataracts

You can visit your VSP doctor as often as needed, for a small copay. Plus, you don't need a referral. And if your doctor finds that you need to see a specialist, they'll consult and coordinate with your primary care physician.

With VSP, you get personalized eyecare from a doctor you can trust. Your VSP doctor takes the time to get to know you and your eyes, keeping you healthy year after year.

### It's easy to use your Primary EyeCare benefit.

- **Find the right VSP doctor for you.** You'll find plenty to choose from at [vsp.com](http://vsp.com) or by calling [800.877.7195](tel:800.877.7195).
- **Already have a VSP doctor?** At your appointment, tell them you have VSP.

That's it! Your VSP doctor will handle the rest.

Contact us. | [vsp.com](http://vsp.com)  
[800.877.7195](tel:800.877.7195)

Primary EyeCare coverage is only for health-related vision problems and doesn't cover routine eye exams. Contact your VSP doctor for an appointment to use your routine eyecare benefits.
