

## 2022 Employee Benefits Overview

Southeast Healthcare recognizes that our employees are our most valuable assets. With this in mind, we recognize the importance of being able to provide our employees and their dependents with a comprehensive variety of benefits as part of their overall compensation package. This summary highlights some of those benefits and the options available to you.

### Eligibility

Eligibility can vary depending on the number of hours you're hired to work. However, typically coverage for medical, wellness, dental, voluntary vision and FSA benefits becomes effective on the first day of the month following your date of hire. The life, vol. life, long and short-term disability benefits vary so please consult with Human Resources. You have up to 30 days from your effective dates to enroll in these benefits by completing the required forms in your new hire packets and returning them to the Human Resources Office. If you waive coverage and want to add it later (outside of a qualifying event), open enrollment is typically in November each year for a January 1<sup>st</sup> effective date.

### Medical Benefits

Southeast Healthcare has two PPO plans (Standard and Buy-Up) administered by United Healthcare. Once enrolled, ID cards and other information will be sent directly to your home, and you can also visit their website directly at [www.myuhc.com](http://www.myuhc.com) to view claim payments, find in-network providers, request additional ID cards, use treatment cost estimators and other services. ### Dental Benefits

The Southeast Healthcare's dental plan is a Point of Service plan administered by Delta Dental of Ohio. This plan has two networks (PPO and Premier) you can use in addition to being able to see a non-network dentist. Using PPO dentists provides the greatest discounts which helps to stretch your benefit dollars and reduce your out of pocket costs. The Premier network includes additional dentists with balanced billing protection but lower discounts than PPO dentists. Non-network dentists provide no discounts or balanced billing protection but you can still receive a benefit.

By registering online with their "Consumer Toolkit" at [www.deltadentaloh.com](http://www.deltadentaloh.com) you can view claim payments, find in-network dentists, print personalized ID cards and find other information about your plan. Eligible employees may elect to cover their spouse or dependent children until the end of the month in which they turn age 19 (23 if a full-time student).
